

Schreiber Public Library

Strategic Plan 2026-2030

Our Mission

The Schreiber Public Library is the heart of the community - a vibrant and welcoming space where family, friends and neighbours come together to learn, grow and connect.

Our Vision

As a central hub, we continue to evolve alongside our community and build stronger connections to help people achieve their goals.

Our Values

Customer Service
Trust
Collaboration
Enthusiasm
Celebrating Curiosity

Priorities & Goals

✔ Collaboration and Partnerships

Goal: Build upon existing partnerships with local organizations

Goal: Contribute to local economic development initiatives

✔ Service Enhancements

Goal: Enhance existing facility and physical spaces

Goal: Improve access to library services, collections, and programs

✔ Communications

Goal: Establish communications to market the Library as a valued community resource

Goal: Promote local tourism and business development through marketing efforts.

Message From The Board

It is with pleasure that we present this new strategic plan.

We extend our gratitude and confidence in the Library staff, our Municipality and our community to continue in their dedicated work and support of our Library

Together, the exceptional ideals and goals of this strategic plan will be fulfilled.

Community Comments

“They go above and beyond for their patrons”

“The Library offers so much help in so many ways to its members”

“The staff is amazing and they feel like family”

Schreiber Public Library

Strategic Plan 2026-2030

Our History

The Schreiber Public Library not only provides popular materials, it's a research and information center as well as a community activities centre - providing a wide variety of programs, services, and partnerships.

Our creative approach to library services will continue over the next five years as this strategic plan unfolds. Our library needs to evolve and meet the demands of technology, our patrons, and our community.

The direction of this new strategic plan ensures appropriate actions to best meet our vision for the library services of the future in Schreiber. Facilitation support through Ontario Library Service guided the planning process with the library board and staff.

Consultation was an extensive and crucial part in the plan's development. Patrons, youth, businesses, community groups, library board, staff, and Municipal leaders were all surveyed or consulted to inform the plan.
